**7b. WLA Assessment**

The community has been successful in establishing a Pond committee that has continued sampling 18 ponds in Harwich for various chemicals to determine pollution loads .

Harwich is also a member of the Pleasant Bay Resource Management Alliance with Chatham and Orleans. The alliance has over 100 volunteers who collect water samples throughout the bay from June to September.

The Town appropriated \$500,000 for a comprehensive wastewater management planning study which will include additional storm water runoff sampling in Pleasant Bay, Allen, Wychmere and Saquatucket Harbors as well as the Herring River.

#### **Part IV. Summary of Information Collected and Analyzed**

The samples are analyzed for Nitrates and Phosphates as well as color and turbidity in order to establish a baseline for future testing.
